THE ORGANIZATION

WE Ignite is an educational non-profit with the mission to ignite the inner spirit of women to connect, inspire and empower each other.

WE Ignite accomplishes this mission through educational events such as retreats, workshops, and our annual conference the WE Ignite Women's Conference.

WE Ignite 2019 was our first ever event and WE Ignite 2021 was our first virtual zoom conference. Many attendees appreciated having this inspirational event in their lives during such a difficult time. WE Ignite 2023 saw us together again in person. We know WE Ignite 2024, Empowering Women, will offer much needed support more than ever.

WE IGNITE WOMENS CONFERENCE 2023

WE Ignite 2024 will be our sixth annual conference and will be a mix of virtual and in-person days. There will be many presenters over the two days in a variety of formats including: keynote speakers, interactive workshops, and inspirational breakout sessions.

Be part of this empowering conference and help provide women the opportunity to celebrate themselves, to connect with other women and to feel inspired, while promoting your business. There are opportunities to support the WE Ignite Women's Conference at many levels. If you would like more information about the conference or organization, please reach out to the founder and CEO, Erin Long, at the contact information provided below.
